Dr. Si Chen
Department of Computer Science

Dear Dr. Chen,

Earlier this semester we asked students enrolled in Honors courses to identify and describe outstanding faculty they've met while at West Chester University. I am writing to let you know that your name appeared on our compiled list. Specifically, here is what students had to say:

- **Dr. Chen is a phenomenal teacher. He explains everything clearly and brings some humor to the classroom.**
- **His lessons are straight to the point and clear. He takes breaks and asks if anyone has questions. All his information is clearly on D2L. He seems very organized and all of his lessons are planned completely out.**

On behalf of the Honors College, I would like to thank you for the extra effort you give our students through your teaching.

Your name will be placed on our website (www.wcupa.edu/honors) as an Honors College Outstanding Faculty Recipient. All the best!

Sincerely,
