Dr. Si Chen
Department of Computer Science
25 University Ave 142

Dear Dr. Chen:

Earlier this semester we asked students enrolled in Honors courses to identify and describe outstanding faculty they've met while at West Chester University. I am writing to let you know that your name appeared on our compiled list. Specifically, here is what students had to say:

"Dr. Si Chen makes sure that his students understand the subject and does what ever it takes to help them. I have had many computer science classes with different teachers and this is the first time I feel 100% comfortable in the class."

On behalf of the Honors College, I would like to thank you for the extra effort you give our students through your teaching!

Your name will be placed on our website as an Honors College Outstanding Faculty Recipient. You can reach the site from our homepage www.wcupa.edu/honors.

All the best!

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin W. Dean". The signature is fluid and cursive, with a large, stylized "K" and "D".

Dr. Kevin W. Dean
Director and Chair, Honors College
Professor, Communication Studies

cc: Dr. Jack Waber, Interim Dean, The College of Sciences and Mathematics
Dr. James Fabrey, Chair, Department of Computer Science
